

Neo Techniques

an enterprise by engineers for engineers

*In Service of
Industry since
1995*

Authorised Dealers

TIMKEN

Atlas Copco

KLÜBER
LUBRICATION

OKS®

TRIDENT

ASCO™

ROCKSHAPE

Rotary Screw Compressors from 3HP onwards

**Oil Injected Rotary VSD
Screw compressors**

Oil Injected Air Compressors

**Reciprocating
Compressors**

Airnet Piping

Air Dryers

**Refrigerated
Air Dryer**

**Nitrogen
Generator**

Energy Saver (ES)

Energy Recovery (ER)

Micro Filters

TIMKEN *Complete range of Industrial Bearings, Quick Flex Couplings & Seals,*

**Tapered Roller
Bearings**

**Spherical
Roller Bearings**

**Ball
Bearings**

**Cylindrical Roller
Bearings**

**Quick Flex®
Couplings**

**U Series
Ball Bearing
Housed Units**

**Split Cylindrical
Roller Bearing
Housed Unit**

Lubricators

**Plummer Block
Housed Units**

Seals

Klubber lubricants are approved by OME's like FL, Smith, Alstom, KHD, Walchandnagar, Thyssen, Krupp, Polysius, Pfizer and Flender

For Large open gear lubrications : Rotary Kiln / Ball Mills

Priming Lubrication : Grafloscon AGI Ultra
Running in Lubrication : Grafloscon BSG00 Ultra (RN Grease)
Operational lubrication : Grafloscon CSG 0 Ultra Grease
(Graphite Products) : Grafloscon CSG 1000 Ultra Grease
: Grafloscon CSG 2000 Ultra Grease
Transparent Lubrication : Klubberfluid CF 3 Ultra Grease (High Viscous Synthetic Grease)

For Vertical Roller Mills

Assembly Paste : ALTEMP QNB 50
Classifier & Separator
Bearings Lubrication : Klubberlub BE 41-1501, Klubberlub BE 11-462,
Klubberplex BEM 41 - 132
Roller bearing lubrication : Klubbersynth GH 6 oils (Polyglycol oils)
: Klubbersynth EG 4 Oils & Klubbersynth GEM 4 Oils (PAO Oils)
Main Gear Box lubrication : Klubberoil GEM 1 (Mineral Oil), Klubbersynth GH 6 oils (PG Oils)
Klubbersynth EG 4 Oils & Klubbersynth GEM 4 Oils (PAO Oils)

For Kiln Section

supporting roller bearing Lubrication : Klubbersynth GH 6 Oils
Thrust Roller bearing lubrication : Klubberfluid BE 41-1501
For Kiln tyre & Chair pad Lubrication : Wolfracoat C fluid

For Roller Press

For High load & Low Speed Roller Bearings Lubrication : Klubber lub BE 41-1501
For planetary gear box lubrication : Klubberoil GEM 1 (Mineral Oil)
Clinker Breaker Bearing & Magnetic separator bearing lubrication : Stabutherm GH 462 Grease
For Hot Air FAN Bearings Lubrication : Klubberplex BEM 41-132
For General & Multi purpose Grease : Centoplex GLP 102 & 202
Anti friction bearings, universal joints & Disc brake wheel bearings.
VRMs feeding rotary air lock gear box Lubrication : Syntheso D Oils
For Torque support & Articulation Bearings : Klubberlub BE 41-1501

Klubbermatic Lubricant dispensers & accessories For Cross bar Cooler bearing Lubrication

For Mining Equipments : VarilubPKS2N Grease for Industrial Antifriction bearings, universal Joints & Disc brake wheel bearings Lubrication

Pastes

OKS 200 MoS2 Assembly paste
OKS 240 Anti seize compound
OKS 246 Anti seize compound
Emergency lubrication for Plain bearings
Special Copper Based Compound upto 1100 deg.c
Special Copper Based Compound upto 600 deg.c

Oils

OKS 450 Adhesive Chain Lubrication For Chains and Wire rope lubrication.
OKS 300 MoS2 Mineral oil
To reduce the friction, temperature, wear, and noise levels Concentrate for Gear boxes as an additive

Greases

OKS 400 MoS2 Multi-purpose
Lubrication of roller bearings, highly stressed joints, small gears.
OKS 410 MoS2 High Performance
A High performance, long life grease for all bearings exposed to extreme long life.
OKS 475 HS High Speed Bearing
Used for bearings operated at high speeds.
OKS 1140
A High TemperatureA high temperature silicone grease for bearings, furnace trolley, welding Silicone machines, in conveyor chains temps etc (upto 290 deg).

Aerosols MRO

OKS 641 Multi Functional Fluid Spray
Loosening of rust, corrosion protection, and care of metal parts
OKS 621 (F) Rust Breaker Spray
For fast and non-destructive disassembly of extremely seized - up pads or bolts.
OKS 2601 Cleaner and Degreaser Spray
Cleaning and degreasing of oily, greasy & sticky components such as ball bearings, guideways, bolts, chains, hinges etc.
OKS 2621 Cleaner Cleaner Spray (Non-Live Circuits)
Cleaning of all kinds of electrical equipments and electronic components such as circuit breakers, PCBs, regulators, meters
OKS 92621 Cleaner Cleaner Spray (Live Circuits)
switching network etc.
OKS 2901 Belt Dressing Spray
To prevent belt squeaking, slip, drying out, embrittlement and cracking.
OKS 9241
Anti-Seize Spray.

Gear Oils For Heavy Duty gear Boxes

OKS Mox-Active 3200 I 150, 3200 I 27-0High performance gear oil for Heavy duty gear boxes in Cement 3200 I 320, 3200 I 460, 3200 I 680 industry.

For Mining Equipments

OKS Chisel Paste for rock drill bearing lubrication.

OKS 2650

Biologic Industrial Cleaner, Water-based concentrate : For Removal of very oily, greasy and sooty dirtiness, e.g. at trucks. Machines Tooling Machines, oil and lubricant residues on workshop floors.

Complete range of Solenoid Valves for Air, Gas, Waters, Steam, Oil, Dust Collector

8030
Low Pressure

8210
General Service

8221
Slow Closing

8223
High Pressure

8225
Miniature

8220
Steam

8222
Cryogenic

215
Vacuum

353
Dust Collector

044
Manual Reset

1. Value series & Applications

210 - Compressors, Water Treatment, Spraying, Cooling, Air Dryers.
353 - Bag filter equipments, Pollution Control.
223 - Pumps, Spraying, Compressors, Car Wash.
262 - Instrumentation, Vending machines, Water Treatment, Laundry, Pilots for pulse valve.
307 - Selection, Diversion, Control Valves, Single Acting Cylinders.
320 - Small Control Valves, Instrumentation, Single Acting Cylinders, Gas Sampling.
321 - Control Valves, Single Acting Cylinders.
344 - Large double acting cylinders, machine Tools AC & DC
316 - Large Control Valves, Compressor unloading single Acting Cylinders.
222 - Package Boilers, Sterilizers, Saturated Steam Service.

Data : Required Data For Quotation

Type : 2way / 3 way / 4 way
Operation : Normally closed / Normally open / Universal, Single Coil / Double Coil
Media : Air, Water, Gas, Oil, Steam etc.,
Size : Valve size & Threading
Pressure : Operating pressure, Maximum pressure.
Temperature : Fluid temperature, Located temperature.
Coil voltage : AC or DC 110, 220, 240 / 110, 240, 24.
Enclosure : Weather proof, Flame proof, Explosion proof.
Additional Data : Body material, Orifice, Any other information.

*Air Dryers, Moisture Separators,
Auto Drain Valves, Oxygen Generator*

Desiccant Compressed Air Dryer

Flow : 10 CFM to 375 CFM
Working Pressure :
5 to 16 kg/Sq. Cm
Dew Point : -40 Deg. C
atmosphere Pressure

Oxygen Generator

Capacity : 85 to 960 LPM
Oxygen Purity : 93± 3%
Air Quality : ISO 8573 -2010
class 1-4-1

Automatic Drain Valves with Timer Level Sensing Drain Valve

Model EDV-X-I-I : upto 50 CFM
Size ½"
Model EDV-X-HD-I-1 :
above 500 CFM ½" & 1"
Max. Pressure : 16 bar

Wear Plates

Anti Wear Chrome Carbide Hard
Faced Plates (Base Plate as M.S.)
can be supplied as fabricated
equipment as per your drg. or as
sheets in thickness

Base Plate MS

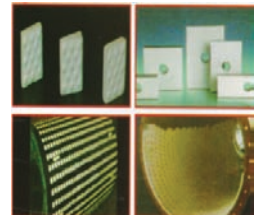

6mm to 16 mm thick
16mm to 40 mm thick
Chrome Carbide Overlay
4mm to 9 mm thick
4mm to 6 mm thick

High Alumina Industrial Ceramic Tiles

- Pastable / Weldable / Interlocking' Dimple Tiles.
- Nozzle for Argon Arc welding' Shortblastind Nozzle.

Industrial Application

- Bins / Chutes / Sleeves, Hoppers, Elbow, Cyclone Classifier Ceramic Pulley lagging / Pac Lagging

ISO Solenoid Valve

Gang Mounting Valves

Namur Valves

Filters - Air / Liquid / Gas

Pre Filter

Box Type Air Filters

Filter Media - HDPE nylon mesh washable type. Micron rating - 15/10/5 micron Frame - MS with power coating / spray painting CRCA with spray painting Aluminium casing optional

Fine Filter

Flange Type Panel Air Filters

Filter Media - HDPE nylon mesh washable type / non woven felt fabric. Micron rating 10 & 5 MS with powder coating / spray painting. CRCA with spray painting - Aluminum casing optional

Sintered Bronze Products

- Silencers Size : 1/8", 1/4", 3/8", 1/2" & 3/4" BSP
- Aireation Plugs
- Solid particles filters for air & liquid
- Flow control silencers to regulate stroke speed of a cylinder

Pneumatics range of products for industries (FRLS, Solenoid Valves, Pneumatic Cylinder, Tubes & Fittings)

FR+L

FRL

Pneumatic Cylinder

3/2&5/2 Valves

PU Tubing
